## ABSTRACT

Website is a collection of web pages. Web pages are presentation of information which can be presented using a carefully chosen media most appropriate for your content. In order to design these pages to use special tools and techniques such as,

- Adobe Photoshop CS for image editing purpose.
- Macromedia Flash to animate images and texts.
- Macromedia Fireworks to create buttons.
- Macromedia Dreamweaver to design the web pages.

Websites are mainly categorizes into two main types.

- Commercial website.
- Non-Commercial website.

Due to the requirement of the Etrade Solution (PVT) Ltd, I am going to develop an eye-catching, user friendly and non-commercial website.
