Abstract

Social entrepreneurship is an emerging issue in the developing countries like India, which help to provide socio economic support to the people of the country. With this aspect, the growth of social entrepreneurship is one of the contemporary issues, which relates to overall development of the nation. Thus, the main aim of social entrepreneurship is to further social and environmental goals for a good cause. Social entrepreneurs are most commonly associated with the voluntary and not-for-profit sectors. It is not a preclude making a profit. Social entrepreneurs exhibit the necessary innovations and the ability to see beyond the orthodoxy of a particular field. This paper made an attempt to discuss the overview of social entrepreneurship with respects to meaning, origin, examples, growth, foreign contributions are discussed.

Keywords: Social entrepreneurs, foreign contributions, GO, not-for-profit sectors,
