

**MESSAGE FROM THE VICE CHANCELLOR,  
SOUTH EASTERN UNIVERSITY OF SRI LANKA**

It is a pleasure to welcome you to the 2<sup>nd</sup> International Symposium -2012 being held at South Eastern University of Sri Lanka, Oluvil, Sri Lanka from May 25<sup>th</sup> till May 27<sup>th</sup> 2012.

I am also glad to learn that many scholars, academics and experts from various disciplines from difference countries have submitted papers. All of the submissions were rigorously reviewed by at least two reviewers who are experts in the relevant fields and the best papers are to be presented at this symposium.

Symposium of this nature are important for a good academic institution for creating opportunities for the transmission of knowledge based on latest researches which are carried out across the world. Universities are being recognized by the reset of the world and ranked based on the amount good researches being carried out by the institutions. Organizing this kind of symposia encourages academics to embark on research projects. Due to the success of our 1<sup>st</sup> International Symposium held in 2011, this year we got overwhelming number of papers from various fields from various countries.

I hope that this international symposium would give you a better platform for discussing and sharing your valuable findings and knowledge that would immensely contribute to the enhancement of the body of knowledge.

The organizing committee has worked hard to produce a first class technical symposium and a pleasing and enjoyable social event. I take this opportunity to thank them for their valuable contribution and dedication to make this event a success.

**Dr. S.M. Mohamed Ismail**

Vice Chancellor

South Eastern University of Sri Lanka

Oluvil. Sri Lanka
