

## Contents

<b>Impact of different shades and light intensities on physiological changes in tea plant</b>	1
A. S. Ahamed, M. N. F. Nashath, V. Sujanthika, A. T. A. Akram	
<b>Effect of essential oil of nutmeg (<i>Myristica fragrans</i>) leaves to treat human pathogenic bacteria and to manage plant pathogenic fungi</b>	4
A. Y. L. Fernando, W. S. M. Senevirathne	
<b>Evaluation of root morphology of selected rice varieties under anaerobic and aerobic conditions in Sri Lanka</b>	7
P. S. S. Himasha, M. C. Millawithanachchi, M. N. F. Nashath, A. N. M. Mubarak	
<b>Efficacy of food-grade diatomaceous earth as grain protection against <i>Rhyzopertha dominica</i> - lesser grain borer in stored chickpea under tropical conditions</b>	10
P. Printhajini, T. Sellathurai	
<b>Effect of dehydrated pumpkin powder and seeds on physicochemical, nutritional and sensory properties of weaning flakes</b>	13
R. T. D. Gunarathne, H. M. W. U. L. Herath, M. H. T. K Chandrasiri, K. B. Wijesekara	
<b>Evaluation of anthocyanin extracted from <i>Hibiscus rosa sinensis</i> as a natural food colorant</b>	17
W. M. R. K. S. Weerasingha, M. H. T. K. Chandrasiri, K. H. I. K. Hewawitharana, J. K. H. Sampath	
<b>Comparative analysis of cost and benefit: bell pepper produced under protected agriculture and open field conditions in Sri Lanka</b>	21
M. Mufeeth, A. Asmiya, A. N. M. Mubarak	
<b>Controlling of palmyra fruit infectious <i>carpophilus. spp</i> beetle by using selected medicinal plants</b>	25
K. M. N. P. Kumari, V. Sujarajini	
<b>Identifying secondary metabolite content and antioxidant potential in selected commercially available medicinal plants</b>	29
S. T. Warusavithana, M. I. S. Safeena	
<b>Analysis of ground water samples in polonnaruwa district to identify the possible contributors of CKDu</b>	35
M. G. P. M. Gunawardhana, M. F. Nawas	
<b>An overview of heavy metal availability due to agrochemical uses in paddy cultivation in Sammanthurai malkampiddy area</b>	38
M. N. F. Zameehaa, M. F. Nawas	
<b>Synthesis and evaluation of the antimicrobial activity of Schiff base and succinimide compounds</b>	41
H. F. Fahmidha, M. H. Haroon, M. A. Baheej	

<b>Insecticidal activity of soursop leaves (<i>Annona muricata L.</i>) against <i>Sitophilus zeamais</i></b> W. I. U. de Silva, M. H. Haroon	46
<b>Evaluation of the effect of cocopeat in continuous thermophilic composting (CTC) of kitchen waste</b> N. Chandramali, K. Ranasinghe	50
<b>Effect of delay in quenching on hardness of high carbon steel</b> K. G. Alahapperuma	53
<b>Online assessment management system for Sri Lankan local authorities</b> T. Thavaneethana, N. Pratheesh	57
<b>Detection of online hate speech in Sinhala text using machine and deep learning algorithms: A comparative study</b> F. H. A. Shibly, U. Sharma, H. M. M. Naleer	60
<b>Implementation of an Android App for real-time bus tracking and information system</b> J. C. Gallage, K. B. U. Madushanka, K. K. T. L. Karunathilaka, M. I. Afkar, W. G. C. W. Kumara	64
<b>Geological and geochemical investigation on Andalusite and Chialstolite deposit at Balanthota, Ginigathhena, Sri Lanka.</b> S. V. T. D. Raveendrasinghe, M. K.C. Jayamali	69
<b>Treating rice mill effluent using waste rice hull</b> U. D. T. M. Uduwarage, S. Devaisy	73
<b>Application of novel oil extraction methods for microalgae, <i>Nannochloropsis spp.</i></b> K. G. K. Jayasinghea, C. P. Rupasinghe	76
<b>Minimizing total waiting time of patients at private healthcare center</b> J. K. N. Hansika, Y. Raviraj	79
<b>A new approach for finding the initial solution of the transportation problem</b> M. A. D. G. Amarasena, Y. Raviraj	82
<b>A suitable method to calculate the SIR model parameter in the investigation of COVID-19 disease in Sri Lanka</b> M. U. F. Risatha, M. A. A. M. Faham	85
<b>Fourier Method for One Dimensional Parabolic Inverse Problem with Neumann Boundary Condition</b> D. C. Wickrama, W. P. T. Hansameenu	88
<b>Exact solutions of Einstein - Maxwell field equations describing relativistic anisotropic stellar models</b> V. Vinodhini, K. Komathiraj	92

<b>A study of financial distress of listed companies in Colombo stock exchange: A survival analysis approach</b>	97
C. M. D. N. Thennakoon, A. M. Razmy	
<b>Factors associated with anemia and its prevalence level among pregnant women in Rathnapura, Sri Lanka</b>	101
K. M. J. I. B. Senarathna , M. C. Alibuhtto	
<b>Impact of external and domestic demands on economic growth of Sri Lanka</b>	105
K. M. J. I. B. Senarathna,, A. Jahufer	
<b>Effects of monetary shocks in Sri Lankan economy</b>	108
M. F. Hanainy, A. Jahufer	
<b>Volatility analysis of international tourist arrivals to Sri Lanka using GARCH models</b>	111
A. G. S. Shanika, A. Jahufer	
<b>Analysing the volatility of all share price index using ARCH family models</b>	116
A. M. P. S. Kumara , A. Jahufer	
<b>Analysing the temperature of Sri Lanka: SARIMA approach</b>	120
D. M. T. N. Jayawardana, A. Jahufer	
<b>Site selection for seaweed culture in southern coastal region of Sri Lanka</b>	125
A. Ushanthan, S. S. Herath, K. Sanjaya	
<b>Development of an ice cream composite with canistel fruit (<i>Pouteria campechiana</i>)</b>	129
G. M. C. G. Silva, M. B. F. Jemziya, S. Gunathilaka, A. M. Rikasa	
<b>Development and quality evaluation of instant pudding mixture fortified with powder of custard apple (<i>Annona muricata L.</i>)</b>	130
V. A. D. S. Vidanarachchi, M. B. F. Jemziya, R. M. N. A. Wijewardane, M. R. A. Rifath	
<b>In vitro assessment of trypsin inhibitory activity in seed extracts of medicinal legume <i>Mucuna pruriens</i></b>	131
K. D. K. P. Kumari, U. S. D. Chandrasena, S. Rajapakse, T. S. Suresh	
<b>The effect of a commercial biofilm fertilizer on seed germination and seedling vigour of <i>Solanum lycopersicum</i> and <i>Capsicum annuum</i></b>	132
R. M. G. K. Rajapaksha, E. M. J. Rizvi	
<b>Synthesis of BiOI nanoparticles toward potential contrast applications</b>	133
G. D. M. H. Wijewardhana, M. S. Kandanapitiye, M. N. M. Farhath	
<b>Chebyshev polynomial approximation to solutions of third order linear differential equations</b>	134
S. L. Z. Fazroon, M. A. A. M. Faham	

<b>Interpolation: A Taylor polynomial approach</b> M. I. S. Sasni, M. A. A. M. Faham	135
<b>A cyclic voltammetry study of polypyrrole conducting polymer film in aqueous BaCl<sub>2</sub> and LiCl electrolytes</b> M. S. M. Farhan, M. J. M. Jafeen	136
<b>The effect of annealing steps of spin coated Sb<sub>2</sub>S<sub>3</sub> film in planar structure solar cells</b> M. A. Farhana, J. Bandara	137
<b>Tourism and economic growth in Sri Lanka: An ARDL bound test approach</b> T. G. A. P. M. Wickramasinghe, A. Jahufer	138
